

A Smarter Way to Manage Your Investment

Enjoy peace of mind, faster payments, and full control of your property—all through your agency powered by OurProperty.

Smoother Property Management

Agencies using OurProperty leverage advanced automation reducing admin for property managers so they can focus more on you, your property and your management experience.

Real-Time Insights & Communication

See rent, expenses, and invoices in real time, and keep a complete record of communications with tenants, trades and property managers—giving you transparency and confidence.

Full Control with the Landlord Portal

Track finances, approve lease renewals, manage maintenance requests, and monitor everything happening with your property—all in one centralised portal, accessible anytime, anywhere.

Confident Cashflow Management

Advanced arrears monitoring and automatic handling of recurring expenses mean fewer missed payments and more certainty around your rental income.
